- Sorry, no individual fires or charcoal grills: **Only portable propane fire rings and grills are allowed. No wood fires allowed** - our forest is very dry. There is a built-in charcoal grill & burn-proof receptacle for unburned ash/charcoal in the Liberty Ridge Center outdoor kitchen.
- RV sites have a water spigot and electrical power. A dump station is available on-site at departure.
- Dry Sites do not have water or electrical.

What Not to Bring:

- For everyone's safety, please do not bring **fireworks**
- **Alcoholic beverages & weapons** are not allowed
- **Pets** are not allowed in Cascades lodging or buildings. We discourage families from bringing pets, due to the high concentrations of people, especially children, at the campground. We have received comments voicing concerns for safety & sanitation, as well as noise from barking dogs. Any pets that do come **must** be on leash, quiet, & cleaned up after.
